Optimized by  
**Tigo**  
energy

**OPTIMIZER INSIDE**

Smart Modules provide:

- 25% more power density/efficiency
- Module-level monitoring, reduced O&M and commissioning costs
- ARC, fire and safety hazard mitigation
- Increased energy harvest and system uptime for proven ROI
- No additional labor or connections

**HIGH EFFICIENCY  
3 BUSBAR CELLS**

**PLUS-ONLY TOLERANCE**

**AR-COATED GLASS\***

**25 YEARS  
POWER WARRANTY**
